## Components for Pneumatic Automation

werkdruk / pression de travail / working pressure / Betriebsdruck:  
max. 12 bar

temperatuur / température / temperature / Temperatur: -10° ... +80°C

schroefdraad: BSP cilindrisch, BSP conisch en M5

filetage: BSP cylindrique, BSP conique et M5

thread: BSPP, BSPT and M5

Gewinde: BSP zylindr. (G-Gewinde), BSP conisch (R-Gewinde) und M5

materiaal: messing, kunststof en aluminium

matériaux: laiton, plastic et aluminium

materials: brass, plastic and aluminium

Werkstoffe: Messing, Kunststoff und Aluminium

#: verpakking / emballage / packing / Verpackung

1001

nippel, BSP conisch  
mamelou double, BSP conique  
straight male adaptor, BSPT  
Doppelnippel, konischem Gewinde
