

Alfafit

Components for Pneumatic Automation

Geluidsdempers - Silencieux Silencers - Schalldämpfer

werkdruk / pression de travail / working pressure / Betriebsdruck:
max. 12 bar

temperatuur / température / temperature / Temperatur: -10° ... +80°C

schroefdraad: BSP cilindrisch en M5

filetage: BSP cylindrique et M5

thread: BSPP and M5 Gewinde: BSP zylindrisch (G-Gewinde) und M5

materiaal: gesinterd brons, messing, kunststof en roest vast staal

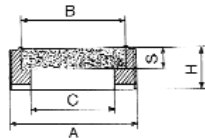

matériaux: bronze fritté, laiton, plastic et acier inoxydable

materials: sintered bronze, brass, plastic and stainless steel

Werkstoffe: Sinterbronze, Messing, Kunststoff und Edelstahl

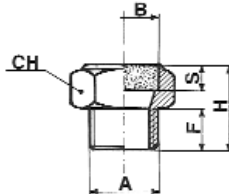

#: verpakking / emballage / packing / Verpackung
